HEROES OF THE HOSE BURGESS IS OPPOSED.

Thrilling Scenes Enacted During a Hotel Conflagration.

Texas and Minority Leader Have a Live'y Colloquy On

SOME LIVES ARE LOST

One Fire Fighter Drops to His Death While Carrying Down a Woman, and Another Rescues an Entire Family.

Minneapolis, Jan. 10.—Six persons were known to be dead and possibly more imprisoned in rooms as the result of a fire early Wednesday in the West hotel. The blaze broke out in the upper stories of the building and electric bells immediately sounded an alarm in all the rooms. Many guests escaped down the stairways, but there exits were soon cut off by flames and the halls filled with smoke.

An unknown man jumped for the roof of an adjoining building from the top floor, but missed it and was killed, while a large middle-aged woman jumped from the fourth floor and met instant death. Mrs. C. H. Wood and daughter, proprietors of the West hotel, were both rescued, the latter being carried down a ladder.

One of the most thrilling rescues was that of F. A. Chamberlain of the Security bank and members of his family, who were not awakened in time to make their escape by the usual exits. For many anxious minutes they remained at a window in the top-most story at the Fifth street and Hennepin avenue corner. Mr. Chamberlain gathered bedding and sheets and made a rope of them, and at the same time extension ladders were being placed into position, but found to be too short. Pompiers ladders were rushed to the scene and a fireman with a rope about him firmly placed a ladder to the cheers of thousands of excited spectators. Arriving at the window he took one after the other and lowered them safely to an extension ladder two stories beneath by means of a rope, where they were brought safely to the street. The rescue was accomplished amid death-like stillness. When the last person had been lowered and the firemen followed cheering broke loose. It was one of the most thrilling scenes at a fire ever witnessed in this city.

Captain John Berwin, a fireman, was carrying a woman down a scaling ladder when the terrified woman tried to jump to a window ledge. Captain Berwin thereupon lost his balance, falling seven stories to death.

The dead: Captain John Berwin of Hook and Ladder company No. 1; Thomas Somerville of Springfield, suffocated in a room on the sixth floor; Alice Martin, a servant, who jumped from the seventh floor; W. S. Nichols, of Nichols & Taylor of the Chambermen, who jumped from the top floor.

SCORES MODERATES.

Witte Says on Them Largely Depends Responsibility For Repression.

St. Petersburg, Jan. 10.—Premier Witte Wednesday made an interesting statement to a delegation, headed by the mayor of this city, which requested a relaxation of orders of prefect of police against meetings in the interest of the electoral campaign. The premier could not promise to do anything until after Jan. 22. While personally he did not sympathize with the harsh measures of Interior Minister Durnovo, he regarded them as essential. The premier said he could not assume the responsibility for a course which, if it resulted in bloodshed, would make him a scapegoat. He spoke bitterly of the failure of the Moderates to give the government their support, saying that on their shoulders largely rests the burden of compelling the government to resort to repression.

While the emperor wanted the national assembly to meet as early as possible, Premier Witte said that those charged with the election feared it would be impossible for it to assemble before April 28.

COMPLETE COLLAPSE.

Mrs. Minor Morris Is in a Rather Critical Condition.

Washington, Jan. 10.—Mrs. Minor Morris, who last week was ejected from the executive offices and grounds of the white house, Wednesday was in a state of complete collapse. Dr. Morris, her husband, stated her condition is critical. Her physicians have refused to permit any one to see her or have any discussion of the affair in her presence.

CLAIM DENIED.

Judge Thompson Rules Odell Is Not Entitled to Exchange Seat.

Cincinnati, Jan. 10.—The claim of W. J. Odell to the Holzman seat in the New York Stock Exchange was denied by the United States District Judge Thompson and an injunction issued to prevent any interference with the sale of the seat. On the outcome of this litigation depends the amount to be realized for the creditors of Holzman & Co., bankrupts, and the recent sale of the seat for \$85,000 was declared by the court to be regular and proper. The case will be appealed.

PHILIPPINE TARIFF

Lone Star Congressman Says That the Democrats, to Be Consistent, Should Favor Only Free Trade.

Washington, Jan. 10.—The Philippine tariff measure was the topic of discussion in the house Tuesday. The speeches were uniformly against the measure and were allowed to go in general without answer. Digression in the form of a tariff revision discussion was made in a brief speech by Mr. Gillett of Massachusetts, who favored Canadian reciprocity. Mr. Boynage of Colorado discussed the bill from the standpoint of the beet sugar industry.

Mr. Burgess of Texas opposed it on constitutional grounds and had a lively colloquy with the minority leader, Mr. Williams, on this point. He charged that Democrats to be consistent should oppose anything but free trade with the Philippines on the ground that it was an American possession. Mr. Williams defended the minority position by stating that he was supporting the bill because it was as near free trade as it was possible to obtain from the majority. The issue was drawn sharply between the two members of the minority and furnished the interesting situation of the day.

"I want to see the Philippines treated as foreign territory," Mr. Burgess declared. "I want to see the time approach rapidly when we can cut loose from that pestiferous gang over there."

Mr. Williams, the minority leader, interjected, "I take it the gentleman will agree with me that whatever the Philippines ought to be, they are at the present time colonies of the United States?"

"I did not create existing conditions, and I'll not recognize them," replied Mr. Burgess.

A colloquy ensued between the minority leader and Mr. Burgess in which Mr. Williams was put on the defense of his position on the bill. Mr. Burgess wanted to know if Mr. Williams believed the constitution extended to the Philippines.

Mr. Williams retorted that the supreme court had extended it there.

"Then how could Mr. Williams favor this bill which levied duties against a part of the United States?" inquired Mr. Burgess.

Mr. Williams explained that the minority substitute for the bill provided for free trade. Knowing that it was impossible to get that he should vote for the Republican reduction.

Mr. Burgess regarded any tariff between the United States and the Philippines as unconstitutional and said he should vote against the bill. He suggested that if the Democrats would join forces with the Republican opponents on the bill it would be defeated. This was preferring grand larceny to petit larceny, according to Mr. Williams, because to defeat the bill would be to leave the present higher schedules in force.

Mr. Burgess retorted that the whole was a mess of pottage. "Give us a square deal," he demanded. "Quit cutting down the schedules on agricultural products and turn your attention to iron and steel."

At this point Mr. Clark of Missouri appealed to the Republican recalcitrants to join the Democrats and pass a measure "to turn these islands loose—cut loose forever from them."

Mr. Burgess had read a resolution for the establishment of a free government in the Philippines, which he advocated. Turning his attention to the "expansion of the office of the executive," Mr. Burgess said the constitution made no mention of cabinet officers; they were mere clerks to the president, hence an "administration" measure or policy ought to have no weight with the American people. For this reason he gave no weight to the administration policy in the Philippines. He spoke at length in support of his proposition for independence of the Philippines.

COTTON GINNED.

Figures Given Out by Census Bureau Up to First of Year.

Washington, Jan. 10.—According to a bulletin issued by the census bureau, 9,721,773 bales of cotton were ginned to Jan. 1, 1906, counting round as half bales, and excluding linters. Number of round bales included 263,424; Sea Island bales, 98,939. There was no report for corresponding period last year and comparative statistics are not available. The statistics were compiled from telegraphic reports of the special agents who canvassed the ginneries and are subject to slight corrections when checked against the individual returns of the ginneries, being transmitted to the office through the mails.

The last report showed 9,292,191 bales, counting round as half bales, ginned to Dec. 13, 1905.

No Through Grain Rates.

Chicago, an. 10.—Western railroads here decided not to put in through rates on grain from Missouri river territory to the eastern seaboard on Jan. 15, notwithstanding a previous agreement to do so. The abrogation of the agreement has developed a condition that will probably turn a great amount of grain to Gulf ports.

THE SMITH DRUG COMPANY.

Elegant New Store Now Open and is a Model as a Whole and in Detail.

"Nothing But The Best."

The elegant new drugstore of the Smith Drug Company is now open in the Parker building, and is attracting no little attention from the people of Bryan and the transient visitors to the city on account of its model appointments. To begin with, the location could not be surpassed, the building is perfectly adapted to the requirements and the floor space is adequate, with handsome interior finish in wall paper, etc. Added to this are the ideal furnishings of the store. These are in quarter sawed oak, golden finish, all under plate glass. The wall cases have solid

glass sliding doors, the show cases are all floor cases with marble base. The large prescription case is a beauty with central plate glass mirror 72x120 inches and smaller plate glass mirrors on each side. The details are complete and present a most harmonious ensemble effect.

Two Torsion spring balancing scales, the finest made, complete the equipment. The scales for prescription work are notably superior, being sensitive to the one-hundredth part of a grain and enclosed in an air tight rosewood case. For prescription work Squibbs chemicals only will be used.

The stock of all brand new goods purchased for the store is also in keeping with the new firm's motto, "Nothing But the Best." The stock includes pure fresh drugs and standard proprietary remedies, and the best and most complete line of sundries including fine pocket cutlery, fine stationery, French and domestic soaps; the best of French and American perfumery, and for the ladies especially a full line of manicure instruments, cosmetics, polishes and enamels, also the swellest line and variety of hair brushes, tooth brushes and other toilet articles.

FOR THE SICK

Whatever the Doctor prescribes or suggests is what we especially try to supply—and succeed so well that we are known as "Headquarters" for sick room goods.

complete stock of musical instruments, clear Havana and domestic cigars and Jacob's fine candies. In a word, nothing has been omitted to make this store complete in its line, and the well-known, popular and enterprising proprietors deserve the favor with which this enterprise will be received and the success which it will meet with—for merit coupled with promptness and courtesy are sure to win.

The new firm is composed of Messrs. George W. Smith and J. A. McQueen, the latter having the management of the business, and having given personal attention to the selection and purchase of the stock and fixtures.

Dr. W. H. Oliver is with the new firm and will office in the Smith building.

ADDITIONAL LOCAL.

Miss Jessie Phillips left for Mart yesterday.

A. W. and Will Cloud were here from Kurten yesterday.

The Convict's Daughter will be the attraction at the opera house tonight.

Mr. and Mrs. G. R. Hensarling and children returned to Taylor yesterday after a pleasant visit to relatives.

Mrs. S. C. Hoyle and little son of San Antonio, are guests of Mrs. Hoyle's parents, Judge and Mrs. A. G. Board.

Mrs. T. J. Rhodes and little daughter returned to Franklin yesterday after a visit to Mr. and Mrs. John M. Caldwell.

Mrs. Hall came in Wednesday from Austin, where she has been visiting her sister, Mrs. T. U. Taylor.—The Battalion.

Mr. and Mrs. J. R. Smith, Mrs. J. E. Mathis and Mrs. Harriet Smith of Reliance returned yesterday after a holiday visit in Georgia.

Dr. Junkin of Huntsville, brother of Prof. Junkin, gave an interesting lecture Sunday morning in the chapel.—The Battalion.

Marriage licenses have been issued to Stan Kolodzenock and Julia Dominek, Sam Conlee and Lucy Jones, Tom Green and Willie Gary.

On a plea of guilty in the county court in vacation yesterday a negro was fined \$100 and costs for carrying a pistol, and in default of payment will recruit the county road gang.

Attention is directed to the new insurance advertisement of Mr. H. C. Robinson in the Eagle this morning. Mr. Robinson's business has entered the twenty-seventh year.

The Professors Tennis Club have had a large piece of ground leveled up in front of the mess hall and enclosed by a high wire fence. As soon as warm weather gets here they will begin playing.—The Battalion.

To the Republicans of Brazos County.—Allow me to call your especial attention to the necessity of paying your poll tax. The time for payment expires February 1st. If not paid by then you cannot vote in any election held. D. B. Ballard, Chm. Rep. Ex. Com., Brazos Co.

B. C. Roberts, advance agent of the Beggar Prince Opera Company, is now in this city. If a sufficient guarantee is secured this company will return to Bryan for two performances, February 6 and 7, presenting "The Beggar Prince" and "Olivette." The company was here this season in "Fra Diavolo" and gave general satisfaction.

The attendance and interest in the revival at the First Baptist Church has reached a point where the bad weather cuts little or no figure. The people are sufficiently aroused in this spiritual awakening not to mind a little personal inconvenience, and all who are attending feel amply repaid. There have been to date since the meeting began fourteen public professions.

Professor Conrad read two papers before the entomological section of the American Scientists Convention at New Orleans: One discussing insect outbreaks in Texas in 1905; the other describing the cultural methods which have proven the most effective in combating the boll weevil. Mr. C. E. Sanborn, of College, government entomological investigator, presented an interesting paper on plant lice.—The Battalion.

Our coach, Mr. Backman, spent the holidays "Down East" and took unto himself a wife as a Christmas gift, we guess. At any rate when he returned he brought his bride with him and is all smiles now. He is interested all of a sudden in the culture of roses and kindred subjects pertaining to the household, same as his wife. We wish him a pleasant married life and know that Mrs. Backman will be welcomed on the campus by the professors and their wives.—The Battalion.

Too late for mention in the last Battalion was noticed the account of Mr. Burt E. Hull's marriage to Miss Josephine Weaver of Beaumont, Dec. 18. The marriage was a great surprise in the social circles. It is said that the proposal was made and accepted in the presence of a number of couples at the Weaver home night, and it was agreed that the prospective groom should come for the bride the next morning and the arrangement was carried out to a nicety. Burt graduated here in '04 as a C. E., and is now chief engineer of a Texas company in Beaumont.—The Battalion.

Music Store Burns.

Kingfisher, Okla., Jan. 10.—Fire destroyed the music store and stock of William Gilbert, completely gutting the building and burning also a number of expensive pianos. The total loss is \$3,500, with \$1,700 insurance. With fifty other business buildings were saved.

HARRIS LYNCHED.

He was Charged With Assassination of a White Man on Monday.

Houston, Jan. 10.—Ben Harris, a negro, who was charged with the assassination of Ozo Polk at Bering's Mill Monday night, and taken from officers Tuesday night at Lavelle by a mob numbering about seventy, was Wednesday morning lynched at Moscow.

After a forty-mile ride across the country Tuesday night a mob of fifty men overtook Deputy Sheriff Hunter and posse of Livingston, who were fleeing with Harris. Harris was captured near Livingston a few hours after he had murdered Ozo Polk at Bering's Mill. Polk was foreman and had words with Harris, ending by his knocking the negro down with a club. Harris went away and returned with a shot gun, firing two loads of buckshot into Polk, killing him instantly.

Learning of the approach of the mob the officers and posse fled from Livingston with their prisoner. After the mob overtook them they boarded a freight train at Shephard with the negro and went to Moscow, near the scene of the killing. There at 1 o'clock Wednesday morning the negro was bound in the presence of hundreds of people and strung to a telephone pole in front of the railroad station.

The meeting of the state penitentiary board failed to materialize on account of the absence of General Oppenheimer, chairman of the board, who has gone to Washington, and the absence of Colonel Fry, who was unable to attend on account of sickness. The meeting may be held later this month.

This action was taken as the result of a large number of firms' checks being thrown out by banks, who hold that since the death of L. W. Prior, who committed suicide Tuesday, the checks could not pass the clearing house. It is said the banks hold ample funds and securities to provide for all claims against the firm.

ONE
MINUTE

One Minute Cough Cure gives relief in one minute, because it kills the microbes which tickle the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup.

Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure and gave her three doses half an hour apart. The croup was mastered and our little darling speedily recovered. I cannot praise One Minute Cough Cure too much for what it has done in our family.—A. L. Spafford, Postmaster, Chester, Mich.
